DAY 2: TUESDAY 28TH JULY **B.L.D.** **ADELAIDE TO COOBER PEDY**

Early start this morning as we head north through Port Augusta the seaport located on the east coast of the Eyre Peninsula and at the head of the Spencer Gulf. Continue on to Woomera which once was a secret town closed to the outside world, but the village now welcomes visitors wishing to experience the extraordinary history of Woomera. The final leg of today's journey takes us to Coober Pedy, South Australia's biggest opal mining town. Coober Pedy has evolved in to one of the most unique places in Australia and perhaps the world. Enjoy a guided tour through an underground home and an opal mine before departing Coober Pedy. Travelling north we cross the dog fence, continue on through the township of Marla, and enter the Northern Territory. On through Kulgera, Erldunda continuing across the vast cattle stations of Mt. DAY 4: THURSDAY 30TH JULY **B.D.** **AYERS ROCK**

Ayers Rock (Uluru) standing 348 metres high and with a circumference of 8.8km is an awesome spectacle rising from seemingly nowhere in the deep centre of Australia. It is one of the world's great natural wonders dominating this otherwise flat, dry terrain. Nothing prepares you for the impact of Uluru, as its sheer immensity dwarfs everything around it. Uluru has acquired its reputation not just because it is such a unique landform, but also because of the effect the sun has on its colours and appearance. Sunrises and Sunsets cause changes to its colour from browns through oranges, reds to finally grey. Our first stop is the visitors centre before we begin our drive around the base of the rock. After lunch we travel west to visit Kata Tjuta which is a highlight of any visit to the Red Centre. Kata Tjuta is a cluster of rounded massive rocks which are dramatic and vividly coloured. We can walk through the fascinating domes, gorges and valleys before returning to Sunset Strip to take the important photographs of the sunset at Uluru.

Accom: Desert Gardens Hotel Ph: 08 8957 7888

DAY 5: FRIDAY 31ST JULY **B.D.** **ULURU TO KINGS CANYON**

Uluru and Kata Tjuta are just the points showing of an immense bed of sedimentary rock now almost entirely covered by sand, and both have great spiritual significance to their Aboriginal owners. For those passengers wishing to experience climbing the rock it is an early rise, and there is time for optional flights (passengers own expense) over Uluru and Kata Tjuta should you wish. After lunch we depart Uluru and travel north to take in the spectacular beauty of Kings Canyon which is part of the Watarrka National Park situated at the western end of the George Gill Range. Kings Canyon is 323 km southwest of Alice Springs. There will be time to settle into our motel before dinner.

DAY 6: SATURDAY 1ST AUGUST **B.L.D.**
KINGS CANYON TO ALICE SPRINGS

This morning we are explorers, the flat face and sheer drop of the canyon walls are inspiring in their size and stark natural beauty. We walk the canyon floor, as it follows Kings Creek where ancient plant life thrives, and through the Lost City filled with eerie domed rocks. Kings Canyon really is an unforgettable destination. We leave Kings Canyon and travel to Alice Springs and our home for the next three nights. Framed by the magnificent MacDonnell Ranges and an intense desert landscape, the township of Alice Springs is Australia's most famous outback town. "The Alice" lies almost geographically as the centre of the Australian continent. Dinner tonight will be at the Gillen Club.

Accom: Desert Palms Resort Ph: 08 8952 5977

DAY 7: SUNDAY 2ND AUGUST **B.D.**
WESTERN MACDONNELL RANGES

Today we visit the West MacDonnell Ranges which run due west from Alice Springs. The mountain ranges contain many spectacular gaps and gorges and interesting geological features. We see Simpsons Gap that is a dramatic gap in the range which is also home to the shy Rock Wallaby. Next stop is Standley Chasm with its vertical red walls that glow in the midday sun, gives the impression of some sort of giant fracture in the rock. At midday when the sunlight reaches the floor of the chasm turning the walls a blazing red, it is a memorable sight. We also visit John Flynn's Grave Historic Reserve and the Twin Ghost Gums. This afternoon we visit the Alice Springs Desert Park to learn about the flora and fauna found in Central Australia. We see the Birds of Prey Show which is a real highlight. Afterwards we return to Alice Springs in time to relax before dinner at the Alice Springs Casino.

DAY 8: MONDAY 3RD AUGUST **B.D.**
ALICE SPRINGS SIGHTSEEING

Alice Springs is a nice place to stay, and it has despite its flock of tourists been able to maintain its character. The town itself has many interesting sights and places for us to visit such as the old Telegraph Station Reserve, the Royal Flying Doctors Base which is the medical service that lends medical assistance to those that live at remote outback locations. We also visit "Rex The Snake Man", and learn about many of the reptiles found in Central Australia. We visit the School Of The Air where you are able to view the workings of this vital "education by radio" facility. There is free time for the remainder of the afternoon and tonight we enjoy dinner at the Double Tree by Hilton Hotel.
